Representative Kaufert

## CORRECTIONS - ADULT CORRECTIONAL FACILITIES

## Community Reintegration Facility

0160587

## Motion:

Move to require the Department of Corrections to prepare a feasibility study for a transitional placement facility for parolees. Require that the Department submit the study to the Joint Committee on Finance, including a proposal on funding the facility. Require that the Department consider the following criteria in conducting the study:

- a. The facility house not less than 150 parolees.
- b. The facility be located in a region of the state closest to the inmate population it will serve.
- c. The facility be located in a nonresidential area.
- d. Qualified respondents must be considered non-profit entities by the Internal Revenue Service.
- e. Qualified respondents must have control over an identified and properly zoned site.
- f. There must be at least 180 days between the awarding of the winning bid to opening of the facility in order to allow the contractor sufficient time to acquire and remodel a facility and secure necessary local approvals.
- g. The facility provide alcohol and other drug abuse (AODA) treatment, education, job preparation, and other elements of programming designed to prepare parolees for their return to the community.
- h. The treatment program must be provided on a continuum of care, moving from the most restrictive level of care to the least restrictive.
- i. The facility provide a comprehensive curriculum emphasizing assessment, education, substance abuse treatment and relapse prevention.
- j. The assessment phase provide comprehensive assessments of individuals in order to

decide on appropriate courses of treatment and rehabilitation needs. Require that areas assessed include academic and vocational factors as well as risks of substance abuse and recidivism. Treatments must be designed for each parolee with the objective of successful reintegration into the community.

k. The treatment phase of the program focus on successful re-integration of the offender into the community which requires that: (1) treatments be carried out by trained, certified, clinically supervised staff; and (2) treatment progress be managed and monitored by a team of licensed professionals, including educators, certified alcohol and drug counselors, vocational specialists and medical professionals.

L. Residential treatment be provided seven days a week and include the following: substance abuse treatment; offender rehabilitation; life-skills training; education; group therapy; family program; experiential workshops; anger management; and conflict resolution.

m. A plan to contract for a third-party evaluation of the program to measure effectiveness and rate of recidivism.
